

How to set up a simple table to show God's plate to others

source: www.GetGodsPlate.com/tools

Print out the 3-reasons Letter Size Sign or Lay Down Poster and lay it on the table.

Print out several sheets of the 2x2 Handout Cards on Letter Size Paper, cut them out and stack them for take-aways.

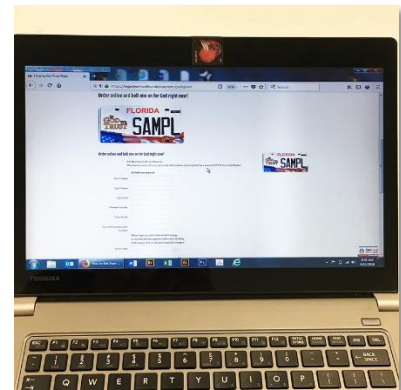

Print the license plate picture on letter paper in landscape mode, affix it to cardboard, and use a picture frame stand holder or small decorative dish easel to display it.

Print out the paper Plate Order Request forms for people who don't recall their current plate number at the table but want the plate. You can call them later for their plate number and write it in. Stack them up just in case more people want to sign up than can use the online form, those who don't want to do it online, or where you expect a crush of people too large for the table and quick use of the online form. Maybe put some forms on clipboards so people can stand and fill them out if too many people are at the table at once. Have writing pins available.

A printed 'Plate Order Request Form' for Florida. The form includes fields for Last Name, First Name, Phone Number, Email, Current Tag Number, and Birth Date. It also contains a section for 'Cost to Switch from God's plate' with a list of fees: a \$25.00 administrative fee, a \$25.00 annual renewal fee, a \$25.00 annual renewal fee, a \$25.00 of this will come from the RWT, and a \$50.00 state rebate on \$1.00 replacement license fee. The form is titled 'FLORIDA SAMPL Plate Order Request Form'.

Set up a laptop or tablet with the online order form ready for them to order God's plate for their car right then. (They will need to know their license plate number, or walk outside, get it and come back in. The tag office must have this so they can accurately identify their vehicle among all the others in Florida.)

Have a laptop, iPad or smart phone playing the testimonial video in a loop.

Onward and upward!
